Subject: South Carolina NEEDS Uber

To the PSC,

Removing ridesharing from South Carolina harms the tens of thousands of riders who rely on the Uber platform for safe, low-cost rides. I want continued access to the safest and most affordable rides on the road.

We are all safer with less intoxicated drivers on the road, thanks to Uber.

Don't get rid of uber please. It helps college students get home safe. Much better than cabs.

Keep Uber. Came here from Boston and be a shame if you get rid of a successful business.

Dear PSC,

I am a senior at Clemson University studying economics and political science. I want you to let Uber function unrestrained. Please refer to the latest edition of the Tiger Town Observer at CU where you will find a little piece I wrote which highlights a few of the social benefits Uber brings to communities. I have used uber a few times and the service has always been 5-star worthy.

Thank you,
Doug Calder

Subject: Uber

We are seriously disappointed yet again in this State of South Carolina. Uber is an amazing example of the free enterprise system in action and should be encouraged. Since SC prides itself on the somewhat wrongheaded Republican values of small government and business over human rights, it's disingenious, to say the least, to intervene on behalf of one group (taxis) over another (uber). We want Uber in this state!!!!
